Description

This 2023 Kia Stonic T-GDi GT-Line S has been maintained by only one owner from new, ensuring a well-cared-for history. This compact SUV features a 1.0L petrol hybrid engine that meets Euro 6 emission standards, balancing performance with modern efficiency. Inside the GT-Line S trim, the cabin is equipped with automatic air conditioning including climate control for consistent comfort. Driving and parking are made easier with the inclusion of a reversing camera system and rear parking sensors. For added convenience during colder weather, the vehicle also comes with heated front seats and a heated steering wheel.

Choosing this model offers practical benefits that set it apart from many other vehicles in its class. The petrol hybrid engine is designed to be economical, achieving 50 mpg to help reduce running costs. Furthermore, the vehicle is notable for its low CO2 emissions, which is beneficial for both the environment and potential tax implications. It also sits in a low insurance group, making it a sensible and cost-effective choice for a wide range of drivers looking for a reliable and modern vehicle.
