Description

This 2021 Hyundai Tucson T-GDi SE Connect offers a rare find with only one previous owner and a very low mileage of 26,901 miles. This SUV is powered by a 1.6 litre petrol engine that meets Euro 6 emission standards, making it a modern and efficient choice for daily driving. Inside, the cabin is equipped with practical technology to keep you connected, including Bluetooth connectivity and support for both Apple CarPlay and Android Auto. Manoeuvring in tight spaces is made straightforward thanks to the integrated rear parking sensors and the rear camera system, which provide clear assistance when parking.

The SE Connect trim is designed to be a practical option for drivers, highlighted by its low insurance group, which can help reduce overall running costs. Beyond its affordability, the vehicle provides a large boot space that is well suited for families or those who require extra room for luggage and shopping. These combined attributes make this Tucson a sensible and well-equipped vehicle that balances everyday utility with modern convenience features.

Location

Ocean KIA
