Description

This 2020 Ford Puma T ST-Line is a practical and well-maintained choice for those seeking a reliable compact crossover. With 39,779 miles on the clock, this vehicle has covered a low mileage for its age, suggesting it has been used sparingly. It is powered by a 1.0-litre petrol engine that meets Euro 6 emission standards, ensuring it remains compliant with current environmental regulations. The ST-Line trim offers a balanced specification that combines everyday usability with a modern driving experience.

The vehicle is equipped with several features designed to make daily journeys more convenient and connected. Drivers can utilise the Ford SYNC 3 navigation system, which includes full support for Android Auto, Apple CarPlay, and Bluetooth connectivity, allowing for seamless integration with smartphones. Practical additions such as wireless charging and manual air conditioning enhance comfort, while rear parking sensors provide useful assistance when manoeuvring in tight spaces. Beyond its technology, this model is notable for its efficiency, offering a fuel economy of 50 mpg and low CO2 emissions, making it a cost-effective option compared to many other vehicles in its class.
